EXPERIENCE

Playbook Sports – *Founder In-Training Program*; Hoboken, NJ August 2025 – May 2026

Customer Success and Product Manager (December 2025 – May 2026)

- Partnered with engineering to design and deliver new product features using agile epics and sprint-based development cycles
- Contributed to product strategy by synthesizing input from customer success, sales, and engineering to set priorities
- Designed and managed the development of 40+ complex feature stories, translating business needs into actionable specs
- Managed a portfolio of active clients across the full lifecycle, from onboarding and system integration through contract renewal
- Served as the primary point of contact for clients, surfacing needs and ensuring maximum value extraction from the platform
- Onboarded 15 clients projected to process \$4M annually through the platform, ensuring each account was fully configured and live

Strategic Partnerships and Marketing Associate (August 2025 – December 2025)

- Conducted prospective client research and direct cold outreach, supporting the full sales cycle from lead generation through close
- Developed high-leverage outreach and research workflows to scale customer acquisition and drive top-of-funnel growth
- Established new outbound marketing strategies that drove a sustained 60% increase in active pipeline generation

Revolution Learning – *Educational Technology and Data Consultant*; Brooklyn, NY December 2023 – August 2025

- Directed all data management, analysis, and reporting efforts for the lower and middle school divisions of the Yeshivah of Flatbush
- Owned and operated various administrative tech systems for supplemental instruction, admissions processing, and other functions
- Collaborated with other client schools to share YOF best practices and transferable data systems where applicable
- Executed new technology-backed programs such as managed summer work, informed services, and digital standardized testing
- Facilitated blended-learning classroom structures by optimizing class logistics and providing needed instructional support

Interscope Geffen A&M Records – *Business Intelligence Analyst*; Los Angeles, CA June 2022 – June 2023

- Developed and maintained automated reporting dashboards, managing all data cleansing, ETL, and visualization processes
- Procured and integrated new data-driven app systems based on knowledge of revenue and marketing processes and needs
- Conducted proprietary research about all music verticals and consumption methods using standard industry data sources
- Reported real-time consumption trends for key IGA titles to label executives on a daily and weekly basis

Neuberger Berman – *Senior Automation and Digitization Intern*; New York, NY March 2021 – August 2021

- Contributed to all aspects of the development of a data warehouse for the company's alternative investment business lines
- Interacted with database prototypes using SQL queries, pivot tables, and other tools while prepping them for ETL processes

LTX Ventures – *Private Equity Intern*; Austin, TX July 2020 – September 2020

- Sourced, performed preliminary modeling for, and evaluated prospective target software companies
